

Annual Parish Meeting. District Councillors Report 15th March 2011.

The District Councils share of the Council Tax remains unchanged for the 2011/2012 budget. (Band D will remain at £149.50) Efficiencies of over £2m and a commitment of safeguarding priority services is the core of the budget. We have frozen our Council Tax this year, which I am sure will be welcome news for our communities, especially as it follows 7 years of us keeping our rise to below 5%.

There were 3 planning applications received during the last year.

2 approved (the parish supported both.)

1 Not yet determined

LDF. Local Development Framework.

As I reported last year, don't hold your breath when the LDF in full will be adopted. We still do not know when it will go in front of an inspector.

Ivan Jowers.
