

IMPORTANT NOTICE

Suffolk County Council is proposing to build a major trunk road through Great Bealings. The three proposed routes for the North Ipswich Bypass will all have a significant effect on this village and one of the three routes will dissect the village (see Plan attached). The feeder roads are likely to considerably increase traffic through the heart of the village. This road is being planned for the relief of traffic congestion in Ipswich and to provide an alternative route for lorries using Felixstowe Docks when the Orwell Bridge is closed.

PUBLIC MEETING

On Friday 23rd August 2019 at 7.00pm Bealings Village Hall

Great Bealings Parish Council have arranged an Extraordinary Meeting that will be open to the public to inform residents and to hear your views so that it can decide whether to support or oppose the proposals put forward by Suffolk County Council.

We are inviting the Ward County Councillor Robin Vickery and a Suffolk County Council representative and also a representative of the STOP Campaign to attend.

Further information can be obtained from the Consultation Document available from Suffolk County Council (at the various Consultation Venues as previously circulated) or online at www.ipswichnorthernroute.org.uk and from the STOP Campaign website at www.stopipswichnorthernbypass.co.uk and you are strongly recommended to do so. If you do not have internet access and/or require more information please contact local Councillors Anthony Sheppard (Tel: 01473 735850) or Martin Cripps (Tel: 01473 738997).

In view of the detrimental effect the proposed road could have on our village please attend if you can.

Dee Knights

Clerk to the Council
